

# The quarry through time

Take a look at the three pictures below of the Black Mountain quarries during the 18th, 19th and 20th Centuries.

How are the pictures the same?

Think about:-

- What a quarry does
- How do they all achieve their purpose?
- Look at waste products produced by the quarry

Finish the sentence:

I would have preferred to work in the quarry during the \_\_\_\_\_ Century because .....

How are the pictures different?

Think about:-

- The people who now work at the quarry
- What they are using to transport the lime
- Quantities of lime and waste being produced.
