

Was quarrying a good or bad thing?

Think about whether or not quarrying was a good or bad thing on the Black Mountain.

You could write about...

- The building of the road
- The scar quarrying has left behind
- The bats living in the kilns
- The tufa that has formed over time
- The lidar surveys and what they show
- The plants that grow there now
- Why lime is so important

Use these words in your account:

Kiln
Quarry face
Lime
Limestone
quarrying
Landscape
Spoil heaps
impact
